Power Technologies, LLC

IPT-MT4409-LiP

Features and Benefits

- Contains high quality cells.
- Cycle Life \approx 900
- Capacity 2200 mAh
- Weight 130 grams

Maximize your radio's performance with our Lithium Polymer Battery for Motorola APX4000 Radio.

All of our batteries are manufactured with the best quality cells and have proper operational safety circuitry. We manufacture our case with quality durable plastics that will withstand a one-meter drop onto concrete.

Our batteries are guaranteed to be free of defects in materials and workmanship and will maintain 80% of rated capacity for 24 months.

Product Details

- Model Number IPT-MT4409-LiP
- Battery Chemistry Lithium Polymer
- Capacity 2200 mA
- Operating Voltage: 7.4
- Weight 130 g
- Operating Temperature -20°C to 60°C
