IPT Long-Lasting Batteries

IPT-KT-KNB26-M

Upgrade safety and performance with IPT batteries for your two-way radios.

Guaranteed Quality

Impact Power Technologies designs and manufactures high-quality and efficient batteries, chargers and portable power solutions.

IPT products undergo extensive testing at every phase of production to ensure safety, performance and reliability for your critical applications. Our batteries are made using the highest quality cells, proper operational safety circuitry, and strong, durable cases that can withstand a one-meter drop onto concrete.

Impact Power Technology batteries are guaranteed to be free of defects in materials and workmanship and will maintain 80% of their rated capacity for one year.

Specifications

Model: IPT-KT-KNB26-M

Chemistry: Ni-MH

Capacity: 2000 mAh

Operating Voltage: 7.5

Operating Temp: 20°C - 40°C

Cell Brand: Japan
