IPT Lithium Polymer

IPT-KT-KNBL2-LiP

Maximize your radio's performance with Impact Power Technology high-capacity Lithium Polymer battery for EF Johnson and Kenwood compatible devices.

Guaranteed Quality

At Impact Power Technologies, we understand that your handheld radio is a lifeline and that you need a battery you can trust. Our batteries are designed with the end user in mind ... safety, performance, reliability.

Our batteries are manufactured with the best quality cells and have proper operational safety circuitry. Our cases are manufactured with high quality, durable plastics that can withstand a one-meter drop onto concrete.

Impact Power Technology batteries are guaranteed to be free of defects in materials and workmanship and will maintain 80% of their rated capacity for 30 months.

Features

Long Lifecycle: **>450**

Lighter Weight: **.4 lbs**

Specifications

Model: **IPT-KT-KNBL2-LiP**

Chemistry: **Lithium Polymer**

Capacity: **4100 mAh**

Operating Voltage: **7.4**
